REQUEST FOR PROPOSALS

Ref No MOH26

Individual / Consultancy Firm to Develop a Health Climate Early Warning System

The Government of Samoa (GoS) through the Ministry of Health (MoH) is recruiting an Individual Consultant or Consultancy Firm ("Consultant") to collate, analyse and standardize relevant health data and identify data requirements / inputs to inform the development of a Health – Climate Early Warning System (H-CLEWS) for Samoa. The development of H-CLEWS aims to provide a tool that can forecast the likely impact scenarios of flood events based on past and current trends to provide adequate lead time for residents of the Vaisigano River Catchment Area (VRCA), a highly vulnerable community to flooding, to prepare and respond accordingly.

The objective of this assignment is to collate, analyse and standardize relevant health data and identify data requirements / inputs to inform the development of a Health – Climate Early Warning System (H-CLEWS) for Samoa, as well as to compile and package the required inputs for the operationalization of H-CLEWS to produce the desired outputs as an Early Warning System (EWS). The detailed description of the assignment and scope of services can be found in the Terms of Reference in the RFP which can be obtained from the MOH Project Team listed in Number 5 below.

1. Only proposals from eligible consultants as defined in paragraph 1 of Section 1, Instructions to consultants will be considered.
2. Proposal must be submitted by hand, mail or courier at the option of the bidder to the Tenders Board's address below by **Monday, 26th October 2020 at 11.00am.**
