Request for Expression of Interest

Tender No.MOH_62_2023: Supervision Engineer - Construction of Building Extensions and Doctors' Residences at Lalomanu and Poutasi Rural District Hospitals (RDHs) as follows:

1. The Government of Samoa through the Ministry of Health (MoH) continues to place emphasis on providing assistance to support the implementation of the Health Sector Plan (HSP 2019/20-2029/30). The overarching goal for health development in Samoa entails the need for an inclusive, people-centered service with emphasis on health prevention, protection, and patient-care as well as in compliance with the achievement of the HSP vision of **"A Healthy Samoa"**.
2. The MOH now invites eligible construction companies who can indicate their interest in the noted contractual assignments. There will be three construction companies to be selected to undertake each assignment. Each contract comprises both the construction of the new doctor's residence and the construction of the district hospital building extension, to house the MDT (Multi-Disciplinary Team). Interested companies must provide information indicating that they are qualified to perform the assignment (i.e. Availability of appropriate skills with relevant qualifications, description of similar assignments, CVs and Certificates, experience in similar nature etc.)
3. **Scope of Works:**
The scope of works includes the demolition of existing structures on the proposed location of two residential houses, construction of new residential houses in accordance with the Ministry of Works Transport and Infrastructure standard plans and extension buildings. Prior to the commencement of the construction works on site, the Contractor is required to collate the required information and submit the applications for Development Consent and Building Permit to the MWTI.
4. **Key Qualifications and Experiences**
The successful candidate should demonstrate abilities to meet the following selection criteria: -
 - i. Qualifications: Must hold a Bachelors' Degree in Engineering majoring in Civil Engineering or Structural Engineering
 - ii. Minimum 10 years of demonstrated previous experience in the supervision of construction of buildings and demonstrated satisfactory performance
 - iii. Current knowledge in the policies, guidelines and technical specifications which govern supervision and construction of buildings, OH&S etc.
 - iv. Currently resides and continues to reside in Samoa for the duration of the assignment
 - v. Currently registered as a Chartered Professional Engineer with IPES

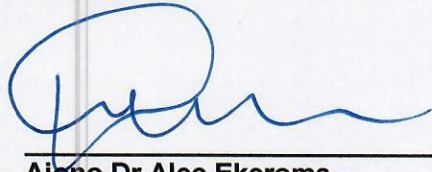

5. Duration of Assignment

It is anticipated that this role will require up to fourteen (14) weeks input over a period of seventy two (72) weeks, with an expected commencement date of August 2023. The proposed construction supervision period is six (6) months plus monitoring and supervision during the twelve (12) months defects liability period.

The assignment is to be undertaken in Samoa only.

6. It is a requirement that interested companies include a statement addressing each selection criteria, a copy of the curriculum vitae and a list of 3 referees. These have to be forwarded both by electronic copy and four (4) hard copies.
7. **All application must be addressed and delivered to the address below by July 31st, 2023 by 11.00am attention at The Secretary, Tenders Board, Level 4 Central Bank Building of Samoa, Beach Road**

Kind regards,

**Aiono Dr. Alec Ekeroma
Director General/CEO
Ministry of Health**
